## Planning your Xmas shopping?

Please be aware that the RMT union has called strikes on ALL Saturdays until the end of 2018.

Check for any replacement services -

## Station Building

One example is the Booking hall - with the following pictures (l to R) from 1980s to the present restoration work.

The first phase of the renovation work is progressing, with foundations secure, stonework pointing and plasterworks

Photos Geoff Mitchell & Phill Pilkington (CPMS)

## Penalty Fares & Ticket Vending Machines (TVMs)

Westbound passengers on Platform 1 will have noticed that the TVM is being installed.

Until this is fully operational - Penalty Fares will NOT apply when arriving at Manchester Victoria

Always obtain your travel ticket at the first opportunity

## When does your Bus Pass become a Railcard?

When you choose your journey and ticket on the TVM - the Railcard box appears. Choose that and a selection of West Yorkshire Concessionary tickets will appear - including your METRO Senior Pass

Please remember - some Metro tickets are prepaid and cannot be purchased at the TVM or on the trains - only at Booking Offices.

## Station Car Park

The station volunteers have been asked to help with landscaping the new car park. Would you like to help us - we would be pleased to see you. Contact Sue or Geoff on 885154 or [myt.station@btinternet.com](mailto:myt.station@btinternet.com)

Looks like exciting times ahead for your village station.  
You are welcome to join us.

**Meeting Wednesday 14 Nov 19.30hrs at Good Shepherd**
